Before you upgrade

- Upload calibration results residing in a calibrator to CMX.
- If you have CMX for Pocket PC, make sure you upload all results from all your Pocket PCs to CMX.
- **It is highly recommended to take a backup of CMX database and CMX program folder.**
- Close CMX and CWSI.

CMX Client Installation

Run the executable file (exe-file) on the machine where CMX client is installed. CMX client will automatically be patched.

The following files have been updated in CMX 2.11.3:

- BxbAppDataIO.dll
- BxbAppLogic.dll
- BxbBatchCom.dll
- BxbMUIPD.exe
- BxbCommonInterfaceHandler.dll
- BxbAppDef.dll
- BxbLib.dll
- BxDriverMC6.dll

NOTE:

This patch file will only work with CMX 2.11.2 Enterprise and CMX 2.11.2 Professional FS.

CMX Server Installation

Run the executable file (exe-file) on the machine where CMX server is installed. CMX server will automatically be patched.

The following files have been updated in CMX 2.11.3:

- BxbAppDataIO.dll
- BxbAppLogic.dll
- BxbBatchCom.dll
- BxbCommonInterfaceHandler.dll
- BxbAppDef.dll
- BxbLib.dll

NOTE:

This patch file will only work with CMX 2.11.2 Enterprise and CMX 2.11.2 Professional FS.

CWSI Client 1.2.3 Installation

The following files have been updated in CWSI Client 1.2.3:

- BxDriverMC6.dll

Installation from exe

If CWSI Client 1.2.0 – 1.2.2 has previously been installed via the exe then run the CWSI_Client_Setup.exe file.

Follow the instructions. CWSI Client will automatically be patched.

NOTE: This patch file will only work with CWSI Client 1.2.0 - 1.2.2

Installation from msp

If CWSI Client 1.2.2 has previously been installed via the msp then run the CWSI_Client123.msp file.

Follow the instructions. CWSI Client will automatically be patched.

NOTE: This patch file will only work with CWSI Client 1.2.2, which must be installed prior to this patch.

Installation from msi

CWSI Client 1.2.3 can also be installed with the msi if the CWSI Client hasn't been previously installed and you want to install it without running the executable, install first CWSI_Client.msi and then CWSI_Client121.msp, CWSI_Client122.msp and last CWSI_Client123.msp
