# Beamex Care Plan

## **Maintain the accuracy and reliability of measurement equipment throughout its lifetime.**

Beamex Care Plan is a long-term contract for the recalibration and maintenance of Beamex equipment. It assures that your Beamex calibrators remain accurate and in operating conditions through their life-cycle.

A calibrator is typically a significant investment and it has a long operating life. A calibrator becomes anyhow useless unless it is calibrated periodically to keep it accurate and traceable, so it needs regular maintenance. Also, an unexpected damage to calibrator can become expensive and take a long time to repair. A convenient long-term Beamex Care Plan assures that the calibrator remains accurate, in operating condition for the years to come and manages the equipment lifecycle costs.

### **The Beamex Care Plan main benefits:**

- The included periodical accredited recalibration assures that your calibrators remain accurate and traceable through their life-cycle
- The included free repairs, even in case of accidental damage, assures that the calibrators will always remain in operating condition
- The Beamex Care Plan makes it very easy manage the maintenance of your calibrators through their life-cycle with predictable fixed maintenance costs – no surprises

### **The Beamex Care Plan includes the following services:**

- Annual recalibrations with an accredited calibration certificate
- Free shipments to and from the Beamex factory
- Free repairs, even in case of an accidental damage
- Extended warranty
- Replacement of wearable parts
- Annual email notification of due calibration
- Applicable updates of firmware, device description files and equivalent
- Help desk services
- Priority service - expedited turnaround times

Please review the Beamex Care Plan terms and conditions for detailed description of all included services. The Beamex Care Plan is a fixed 3 year agreement. The Beamex Care Plan is available for new calibrator purchases and also for calibrators already delivered earlier. Please contact your Beamex contact for more information and quotation. The Beamex Care Plan is available within the European Union and the European Economic Area. If you are located outside of this area, please contact your local Beamex distributor for availability.
